

Internal Quality Assurance Cell (IQAC) Committee

Purpose: To build & ensure a quality culture at the institutional level by means of appropriate structure and processes and with enough flexibility to meet the diverse needs of the stakeholders. It is the driving force for planning and implementing strategies to remove deficiencies and enhance quality.

Scope: To establish a well-functioning quality assurance system through various measures. To develop a system to continually improve the academic, administrative, clinical and research performance of the institution.

Role and Responsibilities: To have measures in place for periodic assessment of performance of the institution on academic and administrative parameters. To improve the performance based on these periodic assessments.

Organization of intra and inter institutional conferences, seminars and workshops for faculty and students alike updating knowledge as regards recent advances in the field of physiotherapy.

Arrange faculty development programmes for improvement of the teaching learning programs.

Periodical conduct of Academic and Administrative Audit (AAA) and its follow-up.

Preparation of the Annual Quality Assurance Report (AQAR) as per guidelines and parameters of NAAC, to be submitted to NAAC

Procedure:

To encourage self-evaluation, accountability, autonomy and innovations in higher education.

Development and application of quality benchmark parameters for academic, administrative, clinical and research activities of the institution.

Facilitating the creation of an overall learner centric environment conducive for quality education.

Faculty maturation to adopt the required knowledge and technology for participatory teaching and learning process.

Arrangement for feedback from students, parents and stakeholders on quality related educational processes and improving the same based on the feedback.

Acting as anodal agency of the institution for coordinating quality related activities like adoption and dissemination of good practices, quality research, development and maintenance of institutional databases.

Ensure all round documentation of clinical, academic, research and administrative activities.
