

Learning Management System (LMS)/ Academic Management System

1. K J Somaiya College of Physiotherapy uses EMIS (Education Management Information System)

EMIS is in-built, which is based on front end VB dot net and backend Oracle. We manage all our institute's admission processes, user access management system, global directories and library management from that software. We provide EMIS access to the admission teams, account teams, administration teams to maintain the data into the system and also create process flows and procedures for their admission, merit, result process or other college related tasks.

2. We also use Google Workspace (formerly known as Google Apps and later G Suite) to manage other academic related activities.

- Email communication to students and parents via Gmail,
- Contacts to group then create label group for easy communication
- Calendar to add details of lectures and meetings
- Meet and Chat for communication;
- Currents for employee engagement;
- Classroom
- Drive for storage of videos and photos (e- contents delivered by faculty is uploaded on Google drive folder)
- Google Docs Editors suite (for content creation)

The suite includes Google Docs, Google Sheets, Google Slides, Google Drawings, Google Forms, Google Sites, and Google Keep.

- Google docs are used to prepare learning materials
- Google sheets are used to create:
Academic Calendar: [Click here](#)
Lecture schedule: : [Click here](#)
Posting schedule: [Click here](#)
Exam time table: [Click here](#)
- Google slides are used as AV aids while delivering the lectures
- Google forms are used to take Quiz and submit assignments
